

A modern outdoor living space featuring a large, light-colored sectional sofa with dark throw pillows, situated on a wooden deck under a pergola. The deck is adjacent to a swimming pool, and the background is filled with lush green trees. The overall aesthetic is clean, contemporary, and inviting.

OUTDOOR LIVING

This season, Life Outdoor Living presents a strong and carefully curated collection that reflects today's key garden trends. Building on our iconic designs that continue to perform year after year, the collection is complemented by new items, thoughtfully introduced colours and innovative materials.

Alongside our well-known favourites, we present contemporary additions that respond to the way outdoor spaces are used today. A highlight this year is our **Organic Signature** collection, inspired by the growing demand for organic shapes, soft lines and calm, neutral tones. The result is a balanced collection where timeless design and modern influences come together naturally.

Designed with comfort, durability and weather resistance in mind, each piece is made to withstand outdoor conditions and to be enjoyed season after season.

Make the outdoors yours.

Materials

Aluminium

Aluminium is strong, lightweight and naturally rust-resistant, making it ideal for furniture that remains outdoors year-round. The powder-coated finish protects against scratches and weather exposure, while the robust aluminium profiles ensure long-lasting stability. Easy to maintain, weatherproof and fully recyclable, aluminium offers a durable foundation for any outdoor setting.

Teak

Teak is a tropical hardwood with a warm, natural character and natural oils that resist water, rot and insects. Each plank is unique and develops a silver-grey patina over time. Our teak is sustainably grown and harvested, certified under SVLK or FSC®. Finger-joint construction ensures strong, stable panels with minimal risk of warping.

The mark of responsible forestry

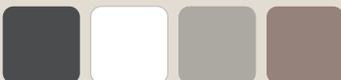

Ceramics

Ceramic is a premium, durable material known for its exceptional strength and low maintenance. It is highly resistant to scratches, heat, UV exposure, moisture and dirt. Bonded to glass for added stability, our ceramic table tops offer a sleek, contemporary look that retains its refined appearance for many years.

Materials

Aluminium with RuCore, sintered stone and All-weather Soltex

The **Barcelona lounge** has a sophisticated character, defined by its serene square weave featuring a subtle rhythm of alternating single and double strands. Its blend of organic contours, soft materials and naturally supportive seating makes it a stylish and inviting choice for any outdoor space

- Crafted from aluminium, RuCore rope, All-weather Soltex cushions and a sintered stone tabletop – durable materials that are weather-resistant and easy to care for.
- The lounge provides a gently supportive sitting position, with the All-weather Soltex seat cushion offering both comfort and a naturally resilient feel.

Organic
Signature

Barcelona daybed

Cushion fabrics

Life cushions

All cushions from Life Outdoor Living are purpose-made for long-term outdoor use and consist of a weather-resistant inner cover and a high-quality outer cover. The inner covers are breathable and durable, while the seat cushions feature a premium foam core with a soft fibrefill layer for lasting comfort. Back cushions are filled with resilient synthetic flakes that gently shape to your body and retain their volume season after season.

All-weather Textilene

All-weather Textilene is designed for outdoor environments that demand strength, stability and long-lasting comfort. The fabric's open weave allows water to pass through and promotes natural airflow, helping cushions remain breathable and quick-drying even after a rain shower.

Carbon and khaki.

The outer covers are available in three All-weather fabrics, Textilene, Soltex and Bouclé, each offering its own distinctive look, feel and performance. Both inner and outer covers can be replaced individually, allowing you to refresh your cushions without replacing the entire set.

This makes Textilene particularly well suited to frequent, everyday use.

The material is water-repellent, dirt-resistant and highly colourfast, ensuring the fabric maintains its appearance season after season. Thanks to its durable construction and minimal maintenance requirements, Textilene offers a dependable option for cushions exposed to varied weather conditions and regular use.

Sintered stone

Sintered stone is a premium, solid material known for its exceptional strength, durability and low maintenance. Highly resistant to scratches, heat, UV exposure, moisture and dirt, it delivers outstanding long-term performance. Its refined, contemporary appearance ensures a tabletop that remains elegant and resilient for many years.

Black, ivory and white.

RuCore and RuCore+

RuCore and RuCore+ are modern outdoor rope materials with a rubber core for lasting flexibility, comfort and quick drying. RuCore has a soft synthetic all-weather sheath with a natural woven look.

RuCore+ adds an advanced all-weather Textilene outer layer for enhanced durability, ideal for furniture left outside year-round.

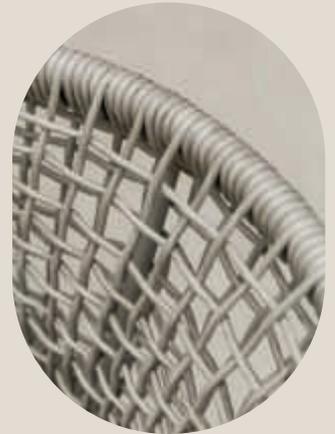

RuCore:

Black, beige, grey.

RuCore+:

Black and beach.

Twisted and solid loom

Solid loom and Twisted loom are premium synthetic wicker with a warm woven look and high durability. Solid loom has a solid, subtly textured strand for a refined, robust finish; Twisted loom uses a flat, twisted profile for a more playful texture. Both are strong, weather-resistant, quick-drying, and low-maintenance for year-round outdoor use.

Solid loom:

Grey and taupe.

Twisted loom:

Black and beige.

Beige Beige Beige

The **Barcelona dining set** blends soft curves with its signature square weave, creating an elegant and comfortable setting for outdoor dining – from relaxed lunches to long summer evenings.

- Constructed from aluminium, RuCore rope, All-weather Soltex cushions and a sintered stone tabletop – durable, weather-resistant materials chosen for easy upkeep and long-term outdoor use.
- The dining chairs have a gently rounded backrest for comfortable long meals. The low dining/relax chairs keep the same flowing shape but offer a lower seat height for a more relaxed, informal feel.

Como lounge

Como dining

All-weather Soltex

All-weather Soltex combines a soft, tactile feel with durable outdoor performance. The fabric has a gentle, inviting touch while retaining its shape over time, making it comfortable to use throughout the season. Its water-permeable structure allows moisture to drain quickly, helping cushions dry faster after rain and remain pleasant in varying weather conditions.

Soltex is colourfast, dirt-repellent and hard-wearing, ensuring the fabric keeps its appearance even with frequent use. The outer layer is both water-repellent and breathable, while the overall construction remains low-maintenance and easy to care for. This combination of softness, resilience and outdoor-ready properties makes Soltex well suited to long-term use in a wide range of outdoor settings.

Mist grey, graphite, beige, dune and olive green.

All-weather Bouclé

All-weather Bouclé is the softest fabric in our collection, offering a refined, inviting texture with exceptional comfort. Developed specifically for outdoor living, it combines an ultra soft feel with durable performance, allowing cushions to maintain their elegant appearance throughout the seasons. The fabric's water-permeable structure helps it dry quickly after rain, keeping it pleasant to use in changing weather.

Bouclé is colourfast, dirt-repellent and hard-wearing, ensuring the surface remains beautiful even with frequent use. The outer layer is both water-repellent and breathable, while the fabric as a whole requires only minimal care. This blend of softness, resilience and ease of maintenance makes Bouclé particularly suited to comfortable, long-term outdoor use.

Platina grey and sand.

Organic Signature

Organic Signature brings the organic design trend to life with flowing lines, soft textures and naturally balanced tones. As one of today's most sought-after outdoor styles, it blends effortlessly with the natural character of any garden – enhancing its greenery, shapes and serene atmosphere. This movement celebrates calm, comfort and sculptural form, and we have embraced it with exceptional care.

On the following pages, you'll discover a selection of remarkable new designs shaped around this philosophy. Later in the brochure, you'll find additional pieces carrying the Organic Signature, each identified by the Organic Signature stamp.

The **Valencia dining set** pairs soft, rounded lines with its distinctive three-strand V-shaped weave in a warm taupe tone. The round table and generously sized chairs with All-weather Bouclé cushions create an inviting, comfortable outdoor dining setting.

- Crafted from aluminium, RuCore rope, All-weather Bouclé cushions and a sintered stone tabletop – durable, weather-resistant materials chosen for their long-lasting quality and easy maintenance.
- The dining chairs feature soft All-weather Bouclé seat and back cushions for comfortable support, while the V-shaped woven backrest adds subtle resilience. The low-dining version is wider and deeper to suit the lower table height – ideal for relaxed, informal dining.

Soho lounge

Lounge

Our lounge collection brings together our most successful designs and the latest developments within outdoor living.

Alongside proven bestsellers such as Fitz Roy and Soho, we introduce several new sets that reflect today's design directions – including our Organic Signature line with its refined, sculpted forms and natural aesthetic.

Most lounge concepts in our collection offer true mix-and-match flexibility: you can configure the ideal setup and choose from multiple materials and colour combinations. This makes it easy to create a lounge that fits your outdoor space perfectly – from compact terraces to expansive gardens.

With durable materials, refined detailing and modular configurations, the collection offers designs that suit every type of outdoor area while staying aligned with current and emerging trends.

The **Block lounge** is made for pure relaxation, with a low, angled seat and tall cushions that support the entire back. Its bold design, with thick profiles and a consistent choice of materials, gives the set a powerful presence.

- Crafted from strong, low-maintenance aluminium or teak – both durable, weather-resistant materials.
- The low, angled seat and tall cushions provide lasting support and lounge-worthy comfort.
- A bold set that fits perfectly in modern outdoor spaces, while the teak version also complements a warmer, more natural style.

Edge lounge

Frame: beige aluminium | Cushions: beige All-weather Soltex | Table top: robust teak

The **Edge lounge** stands out with its robust design and wide horizontal lines, giving the set a generous and stylish character. The integrated side tables enhance its refined look while adding everyday functionality.

- Built with a strong aluminium frame and solid teak tabletop: durable materials designed to withstand the elements.
- The active seating height ensures upright comfort, while the deep cushions also invite you to sit back and relax.
- With its generous proportions, the Edge makes a strong statement in larger gardens, yet the modular chaise elements also allow you to create a smart and stylish setup for smaller outdoor spaces.

LOUNGE – FITZ ROY

Frame: lava aluminium with robust teak | Cushions: graphite All-weather Soltex

The **Fitz Roy lounge** is one of Life Outdoor Living's most iconic sets. With its bold lines and generous cushions, it combines refined style with irresistible comfort – inviting you to lean back and unwind.

- The frame is crafted from durable lava aluminium, combined with solid teak or black aluminium; all materials are weather-resistant and easy to maintain.
- Wide profiles and deep cushions deliver exceptional comfort, encouraging long, relaxed moments outdoors.
- The Fitz Roy merges bold design with elegant detailing. Thanks to its modular build, it works beautifully in both expansive gardens and more compact terraces.

The **Moma lounge** is a modern set with a refined vertical weave that creates a contemporary look. Its organic frame, with rounded tubes and visible back legs, gives the set an inviting yet sophisticated character.

- The frame is crafted from aluminium combined with RuCore+ rope: durable materials that are weather-resistant, quick-drying and easy to maintain.
- The textilene seat, paired with generous cushions, provides lasting comfort and support.
- A modern lounge that, with its organic details, fits seamlessly into contemporary outdoor spaces.

Montana lounge

Frame: beige aluminium | Cushions: beige All-weather Soltex | Table top: robust teak

The **Montana lounge** features a modern design with subtle curves at the armrests and elegant teak details that give the set a warm, refined character. With its active seating position, this series is ideal for lounge-dining, complemented by a specially designed high coffee table.

- The frame is crafted from aluminium, paired with solid teak – durable, low-maintenance materials built to withstand the elements.
- The active seating position is enhanced by taller back cushions and a textile sling seat and back that provide extra support. For moments of relaxation, the 2.5-seater sofa and chair feature adjustable backrests.
- A modern lounge-dining set: active enough for meals, yet comfortable enough to unwind afterwards.

The **Fitz Roy dining chair** is a true showcase of craftsmanship. With its rounded curves, refined detailing and rope, it radiates pure elegance. Designed for comfort even without a cushion, it can be complemented with a matching seat cushion for added softness.

- Made from twisted loom – a rounded synthetic fibre that combines a handcrafted look with weather resistance and easy maintenance.
- The ergonomic design and subtly flexible weave provide excellent comfort even without a cushion. For those seeking extra softness, the Fitz Roy seat cushion is available in All-weather Soltex.
- An exclusive dining chair for design lovers who value craftsmanship, durable materials and timeless elegance.

Florence chair

A photograph of a dining set. In the foreground, a wooden chair with a grey backrest and dark blue seat is visible. Behind it, a long wooden table is set with a black coffee cup, a small bowl, and a vase of yellow flowers. Other chairs are visible around the table. The background is a plain, light-colored wall.

The **Florence dining chair** blends contemporary design with timeless warmth – crafted from elegant teak and a sleek textilene seat.

- The teak is durable and weather-resistant. The textilene is breathable, quick-drying and easy to clean – perfect for outdoor use.
- The straight lines and gently angled backrest provide balanced support and comfort. The textilene seat feels soft from the first moment and pairs perfectly with the optional Primavera cushion.
- A timeless dining chair with a modern touch, ideal for those who appreciate clean design and natural materials. Pairs beautifully with a rectangular table for a refined outdoor look.

with black RuCore+ | Cushion: graphite
All-weather Soltex

The Lima dining chair is a luxurious design distinguished by its bold weave and elegant, rounded silhouette. The continuous pattern creates a refined, sculptural look, while the cushions provide outstanding comfort and support.

- Crafted from aluminium and RuCore+ rope – durable, weather-resistant and low-maintenance materials.
- The Lima features soft back and seat cushions for relaxed comfort. The new Lima low version has a lower, deeper seat with a thicker cushion for an even more leisurely, more relaxed style of dining.
- Both versions pair beautifully with a variety of table styles: the regular Lima dining chair offers an upright dining posture, while the Lima low dining chair is designed for those who prefer a more laid-back, comfortable dining experience.

The **Timber low dining chair** combines the generous comfort of a lounge seat with the practicality of a dining chair. Perfect for those who enjoy relaxed dining at table height while unwinding in a more laid-back position during long summer evenings.

- Constructed entirely from aluminium with a durable textilene seat – lightweight, weather-resistant and maintenance-free.
- The chair sits 8 cm lower than a standard dining chair and features a deeper, wider seat for added comfort. The thicker cushion and subtle 45° angle between the seat and back create a relaxed seating experience. Thanks to its stackable design, the chair is also practical and easy to store.
- Designed for those who value style and relaxation in equal measure – the Timber strikes the perfect balance between modern design and laid-back comfort.

Denver chair

The **Texas dining table** combines a bold look with gently rounded design. Its sturdy aluminium frame and solid teak top make it a stylish, dependable centrepiece for any outdoor space.

- The aluminium frame is weather-resistant and easy to maintain. The table top is made from durable teak.
- The Texas is a robust, round dining table – perfect for outdoor spaces where practicality meets strong, modern design.

Texas Cross table

A photograph of a dining table set outdoors on a wooden deck. The table has a thick, light-colored wooden top and a black, X-shaped frame. A large, woven wicker pendant light hangs above the table. On the table, there is a small wooden bowl, a glass of amber liquid, and a textured ceramic vase. The background is a lush green forest with sunlight filtering through the trees.

Timber low chair

The **Timber low dining table** embraces the trend of relaxed outdoor dining. Its lower height creates a comfortable seating position that combines the best of both worlds – the laid-back feel of lounging with the practicality of dining.

- The aluminium frame is lightweight, weather-resistant and easy to maintain. The table top is available in either ceramic or teak, both durable and easy to clean.
- Perfect for those who enjoy dining outdoors in a relaxed atmosphere, with the functionality and presence of a full-sized dining table. Thanks to its mix & match options, the Timber fits seamlessly into any outdoor space.

Lava Anthra- Graphite
cite

The **Verona bar chair** features an elegant, slim aluminium frame with a refined RuCore rope backrest. The gentle curve of the back provides natural support, allowing you to sit at a slight angle for added comfort.

- The RuCore rope consists of a rubber core with an All-weather outer layer, preventing water from penetrating the material and allowing the chair to dry quickly after rain. The frame is made of lightweight, maintenance-free aluminium.
- The ergonomically shaped backrest offers excellent support. The bar chair is also stackable thanks to the tubular profile beneath the seat, making it easy to store.
- A practical and stylish bar chair for those who appreciate modern, lightweight designs that offer comfort and require minimal maintenance.

Aluminium + Comforma canopy

The **Havana parasol** is a stylish centre-pole parasol with a lightweight construction – ideal for use beside a sunlounger or in a compact seating area. The mast features an elegant, eight-sided shape that adds a refined, modern touch.

- The aluminium frame is lightweight, strong, and maintenance-free, finished with a durable powder coating that protects against rust and discolouration. The Comforma canopy is colourfast, water- and dirt-repellent, and offers high UV protection, keeping the parasol looking beautiful season after season.

Textile and RuCore cleaner and Protector

Maintenance

Keep your furniture looking its best season after season with our range of care products and protective covers. Designed specifically for Life Outdoor Living collections, they help maintain the quality and appearance of your furniture, whatever the weather brings.

From gentle cleaners that preserve natural finishes to tailor-made covers that shield against rain, sun and dirt – our care and protection range ensures your outdoor furniture stays beautiful for years to come.

Maintenance products

At Life we believe that outdoor furniture should be built to last, and to be enjoyed season after season. Our furniture is crafted from durable, high-quality materials designed to withstand the elements, but every great outdoor space deserves the right care. That's why we've developed a range of specialised maintenance products, created to protect, nourish and prolong the beauty of your Life furniture.

Whether you're refreshing teak, cleaning aluminium, or preserving the soft feel of

our cushion fabrics, each product has been formulated to provide effective, long-lasting results with minimal effort. With the proper care, your furniture will continue to perform at its best, allowing you to enjoy a comfortable, stylish outdoor space year after year.
